Introduction Letter

Centro MundoLengua is a private international school and educational tour operator established in 2005 by three individuals: Yaye Baena (Spain), Stefanie Kempf (Switzerland), and David Hirsch (United States).

We work in conjunction with middle schools and high schools throughout the world in order to develop total Spanish immersion programs. These programs consist of Spanish language, housing with Spanish families, cultural and social activities, and sport and educational tours. Schools may also design their own tour without classes. Additional opportunities include school and soccer exchanges, as well as volunteer opportunities.

Our top priority is the health and safety of our students. We take care of components such as medical insurance coverage and 24-hour emergency support to ensure peace of mind.

By studying abroad with **Centro MundoLengua**, the students will be immersed in a total Spanish language environment throughout the entire stay and will dramatically enhance their Spanish speaking, writing and oral skills! Furthermore, they get to know a new culture and see the world from another perspective. The students discover a new country and adapt to new traditions. All of this helps the students to gain independence and improves their marketability in the future.

Centro MundoLengua is headquartered in Seville and has a full-time staff of ten professionals, along with state-of-the-art classrooms in the center of the city just minutes away from the Cathedral (an important landmark). We also maintain a presence in the coastal city of Cadiz with offices and classrooms at the Colegio Salesianos. Furthermore, we offer programs in Spain's capital, Madrid, and throughout Spain, according to each group's preferences.

We are a team of young, multilingual professionals with experience in studying abroad and a true passion for our job. Apart from our rigorous academic standards, we provide personalized services to all of our students.

The staff of **Centro MundoLengua** is incredibly passionate about their work. We genuinely want to see each and every student succeed with the language and have an unforgettable experience. We have a vested interest in making sure everything works out as promised.

We invite you to discover more about our programs and services.

Why Centro MundoLengua?

Safety

Centro MundoLengua considers the health and safety of students while studying abroad our number one priority.

Supervision and 24-hour support are provided for students on-site by our multi-lingual staff. Centro MundoLengua provides a level of personalized attention for each student unseen in other programs, with the end goal that students adapt to their new environment and feel “at home” in Spain.

Students are expected to abide by the curfew set by Centro MundoLengua (independent of what each individual host family might decide).

Personalized Programs

For educators, Centro MundoLengua will work with you to design a program tailored to your students’ needs. We will connect you with our academic coordinators so that together you can structure a program that best suits your needs. Also, we will put you in contact with our cultural activities’ coordinators so that your students can get the most out of their academic and cultural experience in Spain!

Individual students may choose from a wide range of programs and dates in some of the most beautiful places in Spain. From AP Spanish Language or Literature Programs, to Spanish Language and Culture Programs, to IB Spanish Programs, to Soccer Exchanges... the possibilities are endless!

- Class materials included
- Possibility of private tutoring sessions
- Transparent and competitive pricing, without inscription fees
- Centro MundoLengua Diploma

Full Immersion

Our students usually live with a Spanish family to experience a full immersion adventure. Host families have worked with us for many years, and are all carefully chosen and visited by our housing director. It is the best way to get to know Spanish culture and see what daily life is like for a native Spaniard. Secondly, our host families will speak to you in Spanish 100% of the time, helping you practice the skills you're working on in class in real-life situations. They are very patient in this regard, even with beginners.

Activities and Excursions

Centro MundoLengua provides a wide variety of social, cultural, and sporting activities for students. Some examples include tapas nights, cultural visits, flamenco classes, Spanish cooking classes, language exchanges with Spaniards, surfing, golfing, scavenger hunts, bicycling tours, soccer games, etc.

Centro MundoLengua organizes all types of excursions throughout Andalusia, Spain, and in other areas like Morocco and Portugal. Some possibilities include: Granada, Cordoba, los Pueblos Blancos, Barcelona, Madrid, Tangier, Chefchaouen, etc.

Volunteering and Internship Opportunities

Centro MundoLengua has a plethora of contacts with the best businesses, private organizations, public organizations and non-profit organizations for students to experience the best and most personalized business visits, community service opportunities and internships.

Balancing afternoon activities and Free Time

One thing that students love is how our program combines the best of both worlds. You have the daily structure of your classes and activities, allowing you to meet new friends, with some free time thrown in. Rest assured that you will have some free time every day for yourself.

Staff

We don't just talk the talk...ask any of our students. We are all incredibly passionate about our work. We genuinely want to see each student succeed with the Spanish language and have an unforgettable experience.

Oldest city of Western Europe, with over 3000 years of culture

Home of the most famous Carnival in Spain

Over 7 km of the most beautiful coastline in all of Europe

Friendly and outgoing locals

Picturesque Sunsets

More than 300 sunny days per year

"I participated in the three week Summer Immersion Program with Centro MundoLengua. When I arrived I realized that my Spanish wasn't quite as proficient as I thought; however, during the program I gained a lot of confidence and cultural knowledge. I would recommend the summer Cádiz program for anyone looking to enjoy their summer in a picturesque beach town, improve their Spanish, and learn about Spanish culture."

"Since 2007, I've brought my students to Seville in coordination with the perfectly-organized MundoLengua program. The Centro MundoLengua team is genuine and offers rigor and enthusiasm in everything that they do, whether it be the pedagogy, the cultural tours, or the various other experiences they offer. Students have the opportunity to experience the best Seville and Spain has to offer! My students love their host families (and always cry when they have to leave!) and enjoy the dynamic classes thanks to the incredible level of organization that MundoLengua has. During my travels to Seville with my students through the MundoLengua program I have made some of my fondest life memories!"

"I had the time of my life in Madrid, all thanks to Centro MundoLengua. I honestly learned more Spanish in one week than in all my years of studying Spanish in school. We had so many engaging activities, and we got to experience Madrid for the beautiful city it really is. I cannot thank them enough for this amazing trip."

Other cities

City slickers, sea enthusiasts, art lovers, foodies, history geeks... Spain has something to offer for everyone! This is one of the best countries of the world thanks to its all-around aspect of great food, people, art, culture and architecture. Are you a chaperone teacher? We will help you design a program in the location that meets all of your criteria.

"I have known many of the MundoLengua administrators since its inception over 10 years ago and, as a Spanish teacher with a particular passion for the Iberian Peninsula, I could not be more grateful to each of them for so thoughtfully and meticulously developing the MundoLengua curriculum. From their comprehensive treatment of the academic aspect of language learning to the cultural activities they develop to the invaluable relationships they maintain with the families with whom they work, MundoLengua is my "go to" experience abroad. They are personable, incredibly professional and a true joy to work with. All of my high school students who have participated in the MundoLengua program have loved their time in Spain, have returned with a greater appreciation for the Spanish culture and language and are anxious to return in the college years. Thank you MundoLengua for being an incredible extension of the language classroom for me and my students. Sois los mejores!!"

"If I were to call my experience with the Centro MundoLengua study abroad program anything less than life changing and absolutely extraordinary, I would be lying to you. I participated in the Sevilla two-week study abroad program during summer 2016 and to this day I cannot stop reminiscing about the incredible times I had while there. From the amazing family I lived with, to my roommate, to new friends, to the extraordinary staff at Centro MundoLengua, everything exceeded my expectations. This was my first time ever leaving the country, so at first the idea of going to study abroad was a little daunting. But at the very moment I arrived in Sevilla I was welcomed into the Centro MundoLengua family which continues to shape my life to this day. From the outstanding cultural experiences like making paella and learning the Salsa, to meeting the kindest family anyone could ask to live with, to the nicest staff imaginable, I can't recommend the programs enough. If you would like to take your Spanish abilities to a whole new level, and have the experience of your life, I highly recommend Centro MundoLengua!!"

"During my junior year of high school, I participated in the summer MundoLengua program which not only was my favorite academic course in my entire high school career, but I was able to experience the world in a way that I most likely would not have experienced otherwise. Not only did I improve my Spanish language skills, but I also learned more about the culture and history than I could imagine. The trip was not only a safe one but also a fun one. I recommend that people go to Seville because the tours and activities in the afternoons were fantastic. I would love to study again with a group like this while in college."

Joseph E. * J.R. Tucker High School.

Spanish Immersion Program

This course is for students who have a genuine interest in improving/perfecting their Spanish language skills, as well as learning more about the culture of Spain firsthand. For groups of students, classes, activities, and excursions can be completely custom-designed, as well as the length of the program.

"I definitely felt that my Spanish reached new heights after participating in the MundoLengua program. At first, living with a host family and speaking only in Spanish was intimidating and awkward, but I soon found it to be an invaluable learning experience. Eventually I became comfortable conversing with my family, and even with strangers I had met on the street. If it weren't for MundoLengua, I know my Spanish wouldn't be at the level it is now and I wouldn't be continuing to study Spanish in college if it weren't for my trip to Spain and being a part of the MundoLengua program."

I was so impressed with the individual high school program for my daughter. She has some medical issues that made her nervous to travel abroad, but Centro MundoLengua handled it professionally and with a lot of compassion. Furthermore, she had an outstanding experience with the program itself. I am a Spanish teacher and I could see how much she improved in her language skills in just two weeks. Thank you!"

"Centro MundoLengua gave me the opportunity to experience how Spanish is spoken outside an American high school classroom. My host mom was the most amazing person. She cooked delicious food and I learned so much Spanish from my conversations with her. I learned more about the culture of Spain in those two weeks than I have in all my years at home. My listening and verbal skills developed faster than I ever imagined and I would go back in a heartbeat if given the opportunity."

"As a D1 Student-Athlete, I never thought studying abroad would be part of my college journey but Centro MundoLengua made it all possible and then some! I truly found love for the Spanish language, people, and the rich culture. Everything about my stay in Spain was incredible. My host family was as charming as you would hope for and very accommodating. Classes were something I looked forward to due to some of the best Professors I've ever had in my college career (Laura, Macarena, Inma, Cati, y Teresa). All of the excursions planned by MundoLengua were informative while adventurous. But what really hit home was the immense amount of passion, care, and thought from the staff of Centro MundoLengua. I would recommend to any one and ESPECIALLY student-athletes looking for an authentic study-abroad journey that you do it here, with Centro MundoLengua."

"It was interesting to see the life of a high school student in another country and learn about another culture. Spanish students spend much more time together and out in the community. It is much different in the United States. In the U.S, after school, a student would either play sports or go home to do homework. In Spain, there is more value for social aspects and relationships. Centro MundoLengua helped me to experience the world in a different way."

Community Service Program

You have the opportunity to engage with the community through volunteer work. This is an excellent manner to fulfill any community service requirements, while helping others and learning about the culture of Spain. Some examples of the volunteer work available for high school students include:

- Helping to feed the needy, painting the houses of people in poor economic conditions, and sorting materials.
- Helping troubled and marginalized youth (immigrants, Gypsies, etc.) through sports, arts, crafts, educational support, English classes, and dance.
- Assisting older people with physical and mental disabilities.
- Preparing /serving lunch and clearing the tables in a food center for people in poor economic conditions.
- Taking care of children between 2 and 4 years old.

"We have traveled with Centro MundoLengua since 2008 and they adjusted with us as we have grown as a group!! There is always something unique and exciting for the students and they are well taken care of. If you are thinking about a true "hands-on" experience that your students will love- check them out! Our students love it as confirmation of their Spanish which keeps the classes excited!!"

Customized Programs

At Centro MundoLengua, there are many possibilities. We will work with you to custom-design the appropriate program for your students' needs. We will put you in touch with our academic directors ahead of time, as they structure the appropriate curriculum for your students. We will also put you in touch with our activities directors, as they work out a detailed day-by-day itinerary of cultural visits, excursions, volunteer service, etc. There is no "one program" that we offer to all schools. Here are some suggestions of courses for your students:

- AP Prep Programs
- Spanish Language and Culture
- Flamenco Program
- Spanish and Art History
- Spanish and Photography Program
- Spanish and Sports Program

"Centro MundoLengua does a fantastic job. My students loved it! As a teacher I was impressed by their coursework, the activities and all the attention to the details that made the program run smoothly. Getting to Cadiz from the USA can be daunting but it's worth it. The staff at MundoLengua is top notch: professional, knowledgeable, friendly and helpful. Thank you Centro MundoLengua for a wonderful experience that my students will never forget!"

Accommodation

We can organize your accommodation and offer a wide array of different kinds of accommodation. However, our students usually live with a Spanish family to experience a full immersion adventure.

Spanish host family

We carefully select each family, through an extensive screening process. Our housing director personally visits all of the homes and interviews each family member. She also keeps a written record on each family with past student comments.

Students will fill out two complete evaluations of their families during their stay in order to be able to address any concerns. All of our families are within walking distance of our school, or a short public bus/subway ride away.

- Full stay/3 daily meals
- Laundry service once a week
- Carefully selected families
- Individual or double rooms
- Located close to our centers

Advantages:

- Discover the true Spanish culture
- Experience daily Spanish life
- Perfect your Spanish
- Try homemade Spanish dishes
- This option helps you assimilate to Spanish cultural norms and way of life

Residence

This option is only available for school groups.

Advantages:

- The residence halls (near the school) allow the group to stay together
- Enjoy an independent way of life
- Make new friends while living with Spaniards and other foreigners
- Control over your schedule

Bed and Breakfast or Hotel

This option is only available for school groups. Staying in a hotel will often be a more expensive way to travel than staying in a Spanish family.

Advantages:

- Best for short stays
- Enjoy an independent way of life
- Room services
- Enjoy the comfort of a bed and breakfast / hotel and choose your services
