Yaye Baena · Stefanie Kempf · David Hirsch

"I always knew that I wanted to study abroad for a semester in college. I found Centro MundoLengua through my university and by word of mouth from several friends and I was not disappointed. From the moment I got off my plane in Seville to the moment I left I felt like I was home. Mundolengua was the perfect mix of letting us find our own way while also being there to help with the new culture and give us great suggestions of things to do in Seville and around Spain. I miss my host mom all the time (she was the BEST cook) and I miss having such a different and rich culture at my fingertips. I loved everything about MundoLengua and wish I could go back and do it all over again."

Centro Mundolengua is one big family that is there to help you with anything and everything you need. They are always loving, kind, and encouraging. They provide students with the best host families. I miss my wonderful 'familia española' so much! Centro Mundolengua provided awesome excursions to places that I really wanted to go to such as Morocco and Barcelona. We also had fun weekend events such as kayaking, visiting Roman ruins, and biking by the Guadalquivir River. I also got to take two classes with Mundolengua and they were fantastic. The teachers were very knowledgeable and they did a great job. Overall, I love Centro Mundolengua and I would highly encourage every student to check them out. I am so excited for friends who will be with Mundolengua this Fall!"

"My first trip to Spain would not have been as beneficial without Centro Mundolengua. The program was flawless from the moment I met my host family to the day I stepped on the plane heading home. My host family and guides did not speak very much English, so I had no choice but to learn how to communicate, which was essential to the language immersion. The constant conversation and listening played a huge part for me to better understand and use Spanish. Another thing I loved about the program was the variety of activities and places we had the chance to visit."

"As a D1 Student-Athlete, I never thought studying abroad would be in my college journey but Centro MundoLengua made it all possible and then some! I stayed for 6 weeks in beautiful Cádiz and truly found my love for the Spanish language, people, and the rich culture. Everything about my stay in Spain was incredible. My host family was as charming as you would hope for and very accommodating. Classes were something I looked forward to due to some of the best professors I've ever had in my college career (Laura, Macarena, Inma, Cati, and Teresa). The weather was beautiful everyday and that might be an understatement (it didn't rain once). All of the excursions planned by MundoLengua were informative and adventurous, such as Flamenco and Salsa classes and a weekend away touring the Alhambra in Granada or viewing Seville from the famous Setas. But what really hit home was the immense amount of passion, care, and thought from the staff of Centro MundoLengua. Yaye and Auxi have got to be the sweetest people on earth and I truly thank them for making my study-abroad the experience of a lifetime! I would recommend to anyone and ESPECIALLY student-athletes looking for an authentic study abroad journey that you do it here, with Centro MundoLengua."

"This is MSU Denver's third year working with Centro MundoLengua. Both the students and faculty members have been overwhelmingly satisfied with the quality of Centro ML's Cádiz summer program. The program directors are excellent: I can always count on their flexibility. MSU Denver needed to revamp the structure and time frame of their Spain program and Centro ML was extremely helpful and supportive throughout the whole process. As a faculty member, I have been quite impressed by the level of professionalism, knowledge, and organization demonstrated by all of the coordinators and excursion leaders. The students have enjoyed their host families and the afternoon activities here in Cádiz as well. They rave about the city and how it is a perfect place for a 6-week immersion program. MSU Denver is excited to continue its relationship with Centro ML and we look forward to many more years of working together! I have absolutely no reservations in recommending Centro ML!"

FAQS

WHAT IS A TYPICAL WEEK LIKE?

The schedules vary from university to university. Typically classes run throughout the week, either Monday to Thursday or Monday to Friday. Different activities will be planned for different days throughout the week as well. There are also options to take classes in the morning, as well as the afternoon and evening; this all depends on which classes you decide to take.

WILL MY CREDITS TRANSFER TO MY HOME UNIVERSITY?

Of course! You just need to meet with your study abroad advisor to see which classes in Spain will correlate with the classes at your home university. After that, we take care of transferring all of the credits that you have earned during your time here.

WILL I HAVE FREE TIME?

Definitely! Although you will have class and certain mandatory activities, you will still have free time every day. In addition to this, unless we have a planned excursion, your weekend will be free, which will allow you to travel on your own or with friends.

WHAT ARE EXAMPLES OF THE ACTIVITIES?

We offer cultural, social, and sporting activities to all of our students; they sometimes involve local students in order to give you a chance to practice your Spanish. Some examples of activities are: movie nights (in Spanish), language exchanges, different sporting activities, going to soccer games, shows and musicals, concerts, cooking classes, dance classes, Flamenco shows, museums, and many more.

WHAT ARE EXAMPLES OF THE EXCURSIONS?

We go on excursions all over Spain, such as: Seville, Cadiz, Barcelona, Cordoba, Granada; and to neighboring countries, e.g.: Morocco, Portugal, Gibraltar and many more.

WHAT DO I DO WHEN I ARRIVE IN SPAIN?

You don't need to worry about a thing besides getting here! We will pick you up from the airport, bus station, or train station, and take you to where you will be staying. There is also no need to worry about enrolling at the university as we will have already taken care of everything.

WHICH HOUSING OPTION DO YOU RECOMMEND?

The majority of our students choose to live with a host family, and this is the option that we recommend. Living with a host family will allow you to fully integrate into Spanish language and culture. Your family will only speak with you in Spanish and will cook for you, allowing you to try the local cuisine.

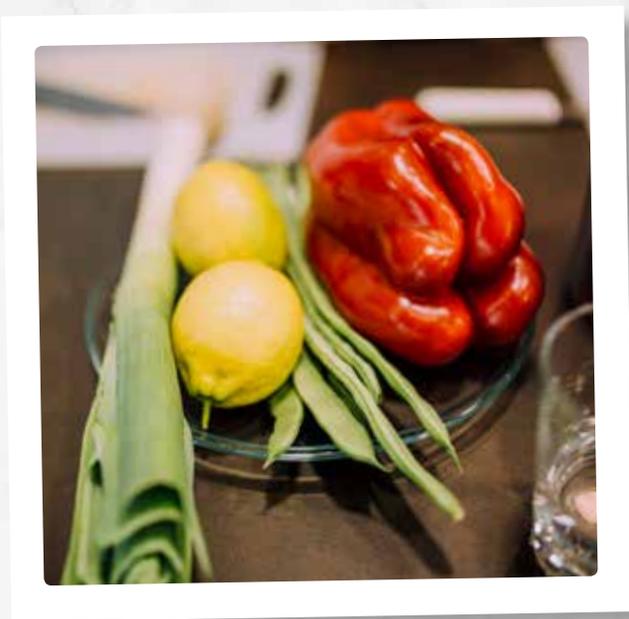

WHAT IF I AM A VEGAN/VEGETARIAN OR HAVE OTHER DIETARY NEEDS, I.E. GLUTEN FREE?

No problem! Just inform us of whatever dietary needs you have and we will relay that information to your host family. We do recommend informing your host family upon arrival just to make sure that they are aware.

DO I NEED TO HAVE STUDIED SPANISH IN MY HOME COUNTRY TO PARTICIPATE?

While some programs do require a base level of Spanish, there are options for all levels! All you need is the willingness and enthusiasm to learn a new language.
