TESTIMONIALS

"I have experienced Spanish culture and improved my Spanish in an enjoyable and incredibly interesting way. Also, studying with Centro MundoLengua is an extraordinary way to travel and discover Spain. All of the Centro MundoLengua professors are passionate, patient and of the highest quality. They relate and adapt well with complete beginners as well as students who already have a lot of Spanish exposure. In all, I have loved my experience and I would do it all over again without a doubt!"

"The personnel of MundoLengua comprise of some of the most energetic, passionate and inspiring people I have ever met. When I talk with university students who are here with other programs, I cannot help but think they are missing something. We benefit so much from the wide array of knowledge that the MundoLengua team has about the history and culture of Seville, their connections within the community and their commitment to guaranteeing us the most poly faceted experience possible."

"Spending two weeks in Seville through the MundoLengua AP program is a dream come true for any Spanish professor. They offer an incredible program recognized by College Board that inspires professors and allows them not only to learn from the experts in the AP Spanish community, but also to share ideas and strategies with other fellow colleagues. In addition, the professors have the opportunity to completely immerse themselves in Spain. They can live with Spanish host families, spending time and relating with them is something really special. ¡Una maravilla en Sevilla!"

"The magic of Centro MundoLengua rests in the combination of cultural events and real world language and cultural experiences, paired with excellent academic courses. Highly qualified educators who have their Masters or Doctorate exude a true passion for their area of instruction. We were able to immerse ourselves in the Spanish language and culture from the moment we arrived in Spain, thanks to MundoLengua. Those two weeks made a true impact on each and every one of my students."

TESTIMONIALS

"My host mother was incredible. She was a marvelous cook and I learned a lot of Spanish through my conversations with her. I learned more about Spanish culture in those two weeks than I learned in all my time studying Spanish and learning about Spain back in the U.S. I would easily return to Spain with MundoLengua if I were to have the opportunity again."

"Thank you for making my trip to Spain such a marvelous and eye-opening experience. It would not have been the same without the orientation that which the Centro MundoLengua team presented to us on the first day with their unbelievable hospitality. I hope other students from all around the world are able to experience this program, because I can assure you that this program has and will continue to aid me in fulfilling my future personal and career goals. This trip is something we will always remember."

"Since 2007, I have traveled to Seville with my students through the perfectly organized MundoLengua program: The team is genuine and offers rigor and enthusiasm in everything that they do, whether it be the pedagogy, the cultural tours, or the various other experiences they offer. The host families (my students always cry when they have to leave), the dynamic classes and their incredible level of organization allow students to take advantage of the best Seville and Spain have to offer. During my travels to Seville with my students through the MundoLengua program I have made some of my fondest life memories!"

"The highlight of my experience with Centro MundoLengua would have to be the people. No program can be truly excellent without an exceptional team - from the personal attention on the administrative side by helping us organize trips and making sure that we have everything that we need during our program, to the passion and experience that our professors share with us. Each and every person who is a part of the MundoLengua team is absolutely exceptional!"
