AP Spanish Workshops
in Seville, Spain

"We at Cranbrook Kingswood in the Detroit metro area love, love, love this program and do not even consider others. We have participated in it every summer since 2009 with groups of about 15 - 20 students and two chaperones. The personalized attention ahead of time is excellent, as is everything from then on. Students and teachers have a variety of educational and cultural activities, and wonderful host family experiences. Everyone comes back from the trip raving about the program and Seville."
