"Studying with Mundo Lengua was one of the best experiences I've ever had. My summer was amazing. I lived with a host mom who was amazing. All of the people I came in contact with were beyond amazing. They thought about us and made sure everything was perfect. We had so many excursions that taught us about the culture in a fun way. I would go back in a heart beat to study with Mundolengua all over again."

When talking to students in other programs at our university, I couldn't help thinking that they were missing out a bit. "Thanks for making my trip to Spain such an amazing and eye opening experience. It would not have been the same without the guidance we received from the team at Centro MundoLengua as well as the wonderful hospitality. I hope to see this program repeated in the future and helping students all over because I know for sure it benefited me in many ways towards my future goals and career."
